Personal Summary

Final-year Software Engineering student at Sri Lanka Technology Campus with a strong interest in Quality Assurance and a growing interest in UI/UX design. Passionate about ensuring software quality through careful testing, attention to detail, and continuous improvement. Seeking an internship opportunity to apply academic knowledge, gain hands-on industry experience in Quality Assurance, and contribute to delivering reliable, high-quality software products.

Technical Skills

Programming Languages: Python, Java, JavaScript, HTML, CSS, SCSS

Frameworks & Libraries: Vue.js, React, Bootstrap, Node.js, Express.js

Databases: MySQL, MongoDB, Firebase

Testing Tools: Postman, Selenium, JUnit, TestNG, Cypress

Development & Collaboration: Git, GitHub, VS Code, Overleaf, Google Colab

Design & Analysis: Figma, Canva

QA Skills: Manual testing, functional/regression testing, test case creation

UI/UX & BA Skills: Wireframing in Figma, focus on UI consistency and usability, understanding of user flows

Projects

Human-Centered Explainable AI Framework for Loan Approval

Final Year Project

- Proposed an XAI-based framework to improve transparency and fairness in AI-driven loan approval systems.
- Planned use of tree-based models, SHAP explanations, fairness metrics, and a Flutter frontend with a Node.js/Express API.

Utopia

Academic Project

- Implemented a backend service using Node.js/Express with MongoDB for data storage and user features.
- Technologies: Node.js, Express, MongoDB (Mongoose), JWT, Multer, Nodemailer.

TrendVerse

Personal Project

- Designed and developed a responsive fashion company website.
- Technologies: Figma, HTML, CSS/SCSS, JavaScript, React.

Educational Qualifications

BSc (Hons) in Software Engineering, Sri Lanka Technology Campus (SLTC)

2023 – 2027

- GPA: 3.102

Certifications

Quality Assurance Courses with Certificate, Simplilearn

Full Stack Development Certificate Course, AIO-IT SOLUTIONS (PVT) LTD

Full Stack Development Certificate Course, SKYRE

Softskills / awards / extra curricular

Treasurer, Computer Society Student Branch Chapter of SLTC IEEE

2025 – 2026

Managed tentative budgets and final financial reports for student events.

Supported activities including Codemania v6.0, GitGenius 2026, and CloudSpace v1.0.
